

Please keep klove on a fm translator. It is my source of world information and support at a stay at home mom who homeschools 3 little kids. It gives me a safe channel to listen to in the presence of my kids. I believe that it would be of great harm to lose klove in our area because so much of the radio out there today is not sharing appropriate language, morals or values with the next generation and if removed off of the fm translators many families and children will lose POSITIVE and APPROPRIATE music that affects their lives and decisions for a lifetime. Please keep klove on the fm translator.

thank you,
Shea Underwood
